4 hour Harbour Sailing or Cruising Charter

Yacht life in Sydney: hidden spots, posh nosh, maybe whale photobombs? Sip, dive, sail on the world's most iconic harbour.

Today you will be picked up from your hotel and escorted to the wharf to board a luxurious private sailing yacht or sports cruiser, for an incredible 4 hour charter taking in the very best of Sydney Harbour.

Once comfortably on board, meet your crew, get acquainted with the beautiful boat which surrounds you and relax. It's time to experience Sydney as everyone should at least once – from a boat on Sydney Harbour.

The day will be yours to savour and tailored to suit your wishes. Either cruise the harbour in relaxed comfort or escape Sydney Harbour all together, reaching the open coastline.

If it's whale season, we highly recommend venturing outside the harbour to spot humpback whales on their annual migration.

For lunch, anchor at one of the many incredible secluded coves on Sydney Harbour where you can indulge in a meal beautifully prepared by our private chef, using 100% locally sourced produce. We'll have premium local beer and wine for you to sample and enjoy too.

After lunch, continue exploring secluded beaches around the harbour, many of which are wonderfully private and only accessible by boat. Either bask in the sunshine on the spacious yacht deck and sun beds or enjoy a refreshing dip in the ocean off the swimming platform.

We encourage you to tell us how we can personalise and make the experience perfect for you. Tell us your favourite music, let us know if you would like to sail the boat and whether there is anywhere in particular you would like to go.

At the end of your charter, as you return to the wharf, your driver will be waiting to escort you back to your hotel.

An Authentic Aboriginal Experience

This highly exclusive experience provides a deep understanding and authentic connection to Australia's Indigenous cultures.

Today will be met at your accommodation at 9.30 am by your Splendour host and private transportation. Discover one of the world's most ancient cultures, first-hand through the eyes of a local Australian Aboriginal person, a respected member of the Bundjalung nation, and your guide for the next 2 hours.

Your Splendour host will take you directly to some of Sydney's most beautiful green spaces, rich in Aboriginal history and native plant life. Join your Aboriginal guide here and discover the captivating history of the oldest living culture on earth.

Walk 'on country' and learn how colonization transpired in Australia and what that meant to the indigenous culture that lived on the land at the time. Connect to the spiritual richness of the culture – take part in a traditional Welcome to Country ceremony, formally blessing you to walk the land. This is your opportunity to open your mind and soul to the learnings of the land and 'caring for country'.

Over morning tea, taste traditional recipes as well as contemporary creations using native ingredients such as lemon myrtle, wattle seed and macadamia nut oil.

After an enriching and soulful two hours, say goodbye to your Aboriginal guide and head to lunch – wherever possible we'll choose a café or restaurant with cultural significance to open your mind further to modern indigenous culture in Australia.

Architectural Walkabout

Discover Sydney's fascinating architecture as your host captivates you with remarkable details about the design of the city.

Your host will meet you at your hotel at 9am for your experience focused on discovering the city's architectural gems. This is a walking tour, covering anywhere between 2-5kms, so be certain to wear your most comfortable shoes and to apply sunscreen on the day.

Your day will start with an architectural bang - visiting Jørn Utzon's famous Sydney Opera House, which is perhaps Sydney's most renowned and most beautiful architectural destination. Along the way, you'll hear about how famous international architects have moulded and played an important role in the development of the city and you will visit iconic buildings such as Custom's House, the Museum of Sydney and the Department of Lands. Your host will make certain you don't miss a thing - leading you through the city loop which takes in Australia Square, Martin Place and Bligh Street. Another fact you will learn is that Sydney-siders take their coffee very seriously. Visit a quintessential Sydney café to enjoy an outstanding coffee and morning tea treat.

As you discover the city's architecture you'll notice that the buildings themselves are not characterised by one architectural style but are an extensive and layered juxtaposition of old meets new - from the sandstone Victorian buildings to the modern high rise buildings which grace the city's centre. At the tail end of the tour you will swap the city streets for the majestic Royal Botanical Gardens, passing ancient trees and Aboriginal sacred sites, all enhanced by the iconic harbour views.

The final stop today will be a local restaurant for some well-deserved Sydney rock oysters and champagne with your host. Toast to an amazing day of discovery and local connections. North Shore Road Trip

An exclusive road trip along the North Shore of Sydney taking in the beaches, vistas, national parks and great food and beverage.

They say Sydney's North Shore starts in Manly – seven miles from the city but a thousand miles from a care in the world. This special part of Sydney should have flocks of tour buses exploring the pristine beaches and incredible vistas...but surprisingly, it does not. This destination is quiet, peaceful, and magical and we want to share it with you exclusively.

Your host will be equipped to tailor your road trip to suit you but will also guide you to special locations only a local would know. Venture over Sydney Harbour Bridge and start at Manly Beach to walk the coastal stretch between Manly and Shelly Beach – this stretch also happens to be a water dragon reserve – look closely and see plenty of curious little creatures staring back at you.. Along this coastal stretch, there is incredible food to discover. Your host would love to treat you to a famous Aussie bacon & egg roll and a locally brewed coffee – it doesn't get more Aussie than that!

Next we suggest hopping back in the car and driving to the North Head of Sydney Harbour. Here we're going to encourage you to get out of the car and explore the area with your host. There are small hikes and beach walks that will lead you to the most unassuming and serene places – local havens you will feel privileged to experience. Think waterfalls, secluded beaches, military history and even a bandicoot refuge. All of this with the picturesque Sydney skyline in the distance.

For lunch, you will be spoilt for choice - enjoy options including a seafood lunch with a cold locally brewed beer or glass of chilled Riesling wine. Or – if you dare – let us introduce you to the best meat pies in the country. The choice is completely yours – you can pay directly for lunch on the day and indulge any way you like.
